## Public Lighting Tax

*(Sub-Decree no. 286 SD.Prk, dated 20 September 2023)*

Effective from 1 January 2024, the updated rate for Public Lighting Tax (PLT) shall be 5 (five) percent for the supply of all alcohol<sup>i</sup> and beverage<sup>ii</sup> or tobacco<sup>iii</sup> products in the Kingdom of Cambodia. The rules and procedures on the collection of public lighting tax shall be further determined by the Prakas of the Ministry of Economy and Finance (MoEF), while any contrary provisions to this Sub-Decree shall be abrogated.

### Our comments

This Sub-Decree effectively increases the PLT rate from 3 (three) percent to 5 (five) percent starting in 2024. It can be noted that the 2023 Law on Taxation provides that PLT shall be due and payable at the first stage of the supply chain only. However, MoEF's Prakas has not determined the basis for calculating PLT. Affected taxpayers, especially those in the alcohol and tobacco industries, shall be fully aware of the change in the applicable tax rate and other relevant updates to ensure proper compliance.

## Advertisement Tax

This Sub-Decree is issued to determine the rate and basis of calculating tax on advertisement, which shall be implemented on all forms of advertising (both movable and immovable) in the Kingdom of Cambodia.

## Our comments

The 2023 Law on Taxation replaces the term “stamp tax” with the term “Advertisement Tax” which is further reiterated with the issuance of this Sub-Decree. Notably, the tax rates determined in this Sub-Decree remain the same as the rates provided in previous regulations (i.e., Sub-Decree 40 SD.Prk dated 31 March 2015 and Prakas 982 MEF.Prk dated 18 August 2015). However, it is expected that further Prakas or Instruction will be issued to clarify the implementation of this tax.

As committed tax advisors to our clients, we welcome any opportunities to discuss the relevance of the above matters to your business.

<sup>iv</sup> If there is a foreign letter, this additional tax rate shall be calculated as per each additional foreign letter and per one decimeter height or fraction.

<sup>v</sup> dm<sup>2</sup> = square decimeter
